Are the kind we handle. Our prices are as low as is consistent with high grade articles. Dried Peaches, Apples and Apricots, 15 cents.

S. W. CARROLL,

The Grocer.

ORMOND-DAYTONA AUTO RACES

No Races Will Be Held in November, But the Third Annual Blue Ribbon Event Will Take Place in January.

The Time Trials advocated for the famous Ormond-Daytona Automobile Course in November will not take place owing to the fact that manufacturers and private owners will not have their 1905 cars ready for trial.

The Third Annual Automobile Derby, the blue ribbon event of the year will take place in Florida January 23-28 inclusive. The first and last days will be devoted to record trials for all types of cars and the four intervening days will be devoted to a mammoth program for races for distances from one to 100 miles. The twenty mile wave-washed dustless track as hard as cement is in fine condition, and it is expected that the record of 39 seconds for the mile made by W. K. Vanderbilt, Jr. last winter will suffer a total eclipse on the above dates, as famous drivers with higher powered cars will be on the Ormond-Daytona Course from all parts of the world.

The Annual Tournament in the Sunny South attracts the elite of automobilism as no other tournament does, as men who will not drive in road or track races will always be found competing in Florida.

At a meeting at Bretton Hall, New York last week at which was present famous automobile authorities, W. J. Morgan of 116 Nassau street, New York, laid before them the prospectus for 1905 contests. After careful consideration a program of races was evolved that will take care of every type of car and give upwards of ten races each day, the prizes for which will be as usual, the most attractive given at the race meet. The races will all be invitation affairs, as it is desirable on the part of the Florida East Coast Automobile Association to eliminate any and all undesirable entries. The program will be issued next week and the entry blanks will be ready for distribution Nov. 1st.

Special arrangements have been made for a low rate on automobiles from New York and Boston to Jacksonville and Ormond and Daytona. And it may be possible that in order to accommodate the large number of automobiles and fast motor boats that a special steamer will be chartered which will leave New York the latter part of the week of the National Automobile Show at Madison Square Garden.

Following the Automobile Tournament will come the first Automobile Motor Boat Carnival at Palm Beach under the auspices of the Palm Beach Motor Boat Association of which Henry M. Flagler is President and Mr. Fred Sterry, Secretary and Treasurer. The dates set for this tournament are February 1st to 3rd inclusive. The races will take place on Lake Worth, one of the most picturesque sheets of water in Florida. The fastest boats in the world will be entered in this Tournament and noted sportsmen will donate trophies for the race and will be in attendance. Fred G. Bourne, ex-commodore of the New York Yacht Club will be asked to referee the races.

Following Palm Beach an automobile and motor boat tournament may be given in Havana, Cuba, and is proposed to send the boats under their own power in a race from Palm Beach to Havana via Key West, the water being particularly smooth and suitable for fast going.

These races, if held, will be given under the auspices of the Cuban Automobile Racing Association, an incorporated body of Havana, whose President Enrique J. Conill, is now in New York, and has had several conferences with W. J. Morgan who will have entire charge of the southern circuit. It is proposed to have four days' sport in Cuba, one of the events being 120 mile road race from Havana to Christobal and back. This road is fast and lined with palm trees, making it an ideal course.

Port Arthur's fall seems to be one long, sweet Indian summer.

THE FALSE AND THE TRUE.

The Counterfeit, Whether a Ten Dollar Bill or a Man, May Do Good For a Time, but Will Surely Fail.

A story is going the rounds of the press that once upon a time a banker, it may have been a Daytona banker, found a ten dollar bill on his way to his palatial home.

The banker noted the number of the bill, carefully put it in his pocket book and proceeded on his way with a more elastic step than usual. Arriving at his home he found the butcher awaiting him at his door with a ten dollar meat bill, so the banker immediately parted with the bill he found. The butcher paid it over to the printer, who had for some time been sending out poetic appeals for help. The printer turned it over to his wife who in turn paid it to the milliner for a new fall bonnet, the milliner paid it over to her grocer, the grocer paid it to the butcher who again paid it to the banker.

Here it stopped for the banker discovered it to be a counterfeit bill.

Until this discovery was made it was as good and served the purpose of a genuine bill; it had liquidated debts and performed the functions of an irrevocable "gold standard" coin of the realm.

Nobody had been injured up to this time in any of the transactions in which it formed the central figure, and, indeed, the fraudulent piece of paper had performed real meritorious deeds.

How like many men posing in high places and receiving honors to which they are not entitled until their real characters are found out.

Then comes the fall and none are found so low to do them reverence.

True the saying is that "all is not gold that glitters."

An Appeal for Funds

Jacksonville, Fla., Oct. 20, 1904. To the Democrats of Florida:

The undersigned have been appointed a committee for the purpose of raising funds in this State to aid in the National Democratic campaign.

The Democratic Party is waging a great contest for the preservation of constitutional government, the equal rights of all the people and special privileges to none.

Unlike its powerful opponent, the Democratic Party represents no protected interests from which it may demand contributions as the conditions of continued legislative and executive favors, but must depend upon the voluntary offerings of patriotic citizens who believe in its principles and desire the election of its candidates.

No section of the country is more interested in Democratic success than the South, fully realizing, as we do, that the continued policy of the present administration would intensify the race problem, which is present with us.

The National Committee have made an earnest appeal for necessary financial aid. We, therefore, urge you and all Democratic friends in every city town and community in the State to make contributions for the purposes above mentioned. The time is short, so that only prompt action will be of avail.

Make checks payable to George Foster Penbody, who is the Treasurer of the National Committee, and enclose same to W. F. Coachman of this city, who will forward to headquarters.

Faithfully Yours,

W. F. Coachman, J. P. Taliaferro, W. H. Knowles, W. J. Hillman, T. C. Taliferro, S. M. Muldon, Committee.

Dissolution Notice.

The copartnership heretofore existing under the firm name of Wetherell & Farlee has this day been dissolved by mutual consent. The undersigned, who will continue the business, will not be responsible for any bills that may be contracted hereafter. THOS. WETHERELL. Daytona, Fla., Sept. 23, 1904.

DAYTONA COUNCIL IN SESSION.

Some Important Matters Discussed at the Regular Semi-Monthly Meeting of Daytona's City Council.

Daytona, Fla., Oct. 24, 1904.

Council met in regular session with president P. T. Hendricks in the chair. Present, Aldermen Maley, Porter, Matthews and Schmidt.

Minutes of previous regular and special meeting read and approved. Bills amounting to \$168.53 were allowed and ordered paid.

Report of City Attorney relative to revising license tax ordinance read and on motion the same was accepted and the ordinance committee instructed to draw ordinance covering points and report the same to the next meeting of the Council.

Communication of E. N. Waldron, Agent, relative to dumping trash was read and the matter was discussed.

Communication of E. N. Waldron, Agent, relative to extension of South avenue to Daytona street was laid over until the next meeting.

On motion it was ordered that property abutting on the west side of Palmetto avenue between Loomis and South streets pay for fill in ditch six feet wide where required to build sidewalk and pay one third of the cost of the balance of fill out side of sidewalk line, the city to pay two-thirds of the cost in the parkage out side of sidewalk line.

The petition of W. M. Barker to build an iron clad building south of the Post-Office was read and on motion the same was refused.

On motion the Building Committee was authorized to investigate and arrange for the storage of one chemical fire engine in each end of the City and also investigate using the shed at the east end of the engine room for storage, and report.

On motion the street improvements on Fairview avenue and on Second avenue were placed in the hands of the Special Assessment Committee with instructions to take the amounts as shown by the records and assess the same in each case against the property under the special assessment ordinance, the abutting property on each side of said streets to pay one third of the cost, the city paying the remaining one third, special assessment roll to be made and delivered to the Council.

On motion the following resolution was passed. "Resolved by the Common Council of the City of Daytona: That the Common Council has authority to regulate and control the sewerage system of the City and that a permit of the City is necessary before any new party connects with any sewer now or hereafter established and that owners of private sewers into the river are liable to be called upon to extend such sewers to the main channel of the river at their expense or discontinue their use whenever sanitation requires such action."

Communication from Orlando relative to bucket system read and on motion was laid on the table.

On motion the Street Committee was ordered to proceed to mow the parkage.

Adjourned. J. W. WILLINSON, Clerk.

Orange Crop Estimate

F. W. Goucher, of the D. M. Wygant Co., got home from quite an extended trip through Florida, on Tuesday morning. Mr. Goucher has been busy in the orange deal and has closed up some very good contracts for his house. Regarding the outlook for the orange crop he said:

"I do not think the orange crop will exceed 3,000,000 boxes this year. It may run a wee bit over that number, but I hardly think so. The fruit, however, is at least 25 per cent finer in quality than last season, and the outlook is for a very prosperous season for the growers. They all seem to be feeling pretty good. As to prices, from what I could hear, the growers are holding their fruit generally for \$1 a box in the orchard, and nearly all the business so far has been done @ \$1.65 f. o. b. station. At different points these prices prevail."—New York Packer.

SCHMIDT'S VILLA

Overlooking the Halifax River, Daytona, Florida.

The hotel commands a most attractive view in every direction. It is only a few minutes from the ocean and is convenient to the depot, postoffice, churches, public schools. More sunny rooms than any other hotel in town. Bath rooms and lavatories, with sanitary plumbing and all modern conveniences. Cuisine unexcelled. Rates \$2.50 per day and upwards. Special rates by the week. The only Tennis Court in the city is located on the hotel grounds.

HENRY SCHMIDT, Proprietor.

Lone Bay Inn, R. H. HILTON, Prop.

Goodall, Florida.

Under new management. Rates \$1.00 and \$2.00 per day. Special weekly rates. Table the best the market affords. White Cook. Restaurant open from 5 o'clock a. m. to 10 o'clock p. m.

The secret of being well dressed is to feel at home in your clothes, to wear such a suit as the Kirschbaum. It is well balanced, graceful, easy and comfortable, looks in and makes you look it.

The man in the illustration is an Apollo and no clothing model—just an every day sort of chap. The suit was taken out of stock. Your size is waiting for you at our store.

Try it on. If it does not fit as well as this you need not take it.

Prices, \$11.00 to \$15.00.

The GLOBE,

PECK & FOSTER, Proprietors.

Daytona, Florida.

The Heart of the House

the part that has to do largely with the blood and its condition—is surely its plumbing. Poor couplings, leaky joints, escaping gases, clogged pipes, bring typhoid, diphtheria, malaria, etc., in their wake. If we attend to your plumbing it will be sanitary and safe. Look out for the house's heart.

Estimates given. Work guaranteed.
